

TO HOLD CONFERENCE WITH PASHA

British More Hopeful Now

Belief If No Firing Occurs in 24 Hours Danger of Hostilities Will Be Passed.

(By The Associated Press.)
CONSTANTINOPLE, Sept. 29.—Brigadier General Harrington, commander of the British forces in the Dardanelles, plans to leave for a conference with Mustafa Kemal Pasha, probably at Mudania. The British are confident that if the next 24 hours pass without firing at Chanak and other points along the Dardanelles, all immediate danger of hostilities will have been avoided.

FEAR WARFARE WILL RESULT IN CRISIS
(By The Associated Press.)
LONDON, Sept. 29.—Grave fears that a recurrence of general warfare will result in a near east crisis, is occupying the minds of British officials. It is stated in authoritative quarters.

CONSTANTINOPLE, Sept. 28.—(By The Associated Press.)—Events surely are approaching a climax. The Turkish have occupied the entire neutral zone on the Asiatic side of the Dardanelles, with the exception of the Chanak area, around which they have established infantry units in a semi-circle, virtually inflicting the British lines. The Turkish cavalry squadrons, are retiring and the British troops, who are in strong force at Chanak are ready for what may happen. In these circumstances General Harrington, the British commander-in-chief, has sent a wireless message to Kemal Pasha at Smyrna, asking for an immediate personal meeting. He leaves the choice of place to Kemal, who is expected to accept the offer. Yussuf Kemal Pasha, the nationalist foreign minister, is understood to have gone to Ankara to submit the allied joint note to the nationalist cabinet, but in the meantime, Turkish reinforcements are being pushed with the greatest speed. British reinforcements are reaching here and in the threatened area. The super-dreadnaught Revenge and Revolution, the most powerful fighting machines afloat, have arrived in the Dardanelles, while a battalion of North Staffordshire and 10,000 men of the British Air forces landed today and are marching through Constantinople and the suburbs. Their presence is expected to bring about a re-assurance of the effect. The Turkish instructions to the men (Continued on page two.)

HIS HORSES STOLEN
J. H. Burgess, a farmer of Meadows, near Draper, had the misfortune of having five fine horses stolen from him several nights ago. The loss represents a heavy loss to Mr. Burgess.

Making Plans to Launch Movement For War Memorial

Armistice Day Will Signalize Beginning of Effort to Secure Monument in Danville.

Plans are beginning to shape themselves for a fitting commemoration of Armistice day on November 11th, which is a day of more significance in Danville perhaps than any since original date of the cessation of the great war. On November 11th the movement will be launched to provide a memorial to the men of this community who saw service with the nation's armed forces. It was Miss Augusta Yates who conceived the idea of giving everybody in Danville, man, woman and child an opportunity to contribute to a memorial of which the city will be proud. This idea was conceived about six months ago and Miss Yates has already secured the pledges of the student body, the Danville community leaders who think that the time has come to take some action. Miss Yates has named committees and within a few days it is anticipated that these will meet and the steps taken towards making Armistice day memorable here. Her plan is that 25 large barrels shall be placed at various points in the city on Armistice day and that these should contain the contributions made to the memorial. These barrels will be painted red, white and blue and would be in charge throughout the day of Boy Scouts or some other local organization. Hugh T. Williams of the American Legion is at work trying to secure the presence here of some figure renowned in the war and an interesting announcement may be made very shortly. The city council has already voted to give the triangle in front of Mount Vernon church as a site for the memorial and the official body of Mount Vernon church is understood to have given its consent to use of the plot for the purpose. As yet too early to say just how the memorial would take shape, Miss Yates and her collaborators are in mind a worthy monument which would cost about \$25,000. It is probable that architects will be called into conference and asked to submit designs for the memorial. Col. Carrington has been named by the finance committee and a representative body will be formed to carry out the plans.

Dudding Will Have An Aide To Meet Him

BY GEORGE H. MANNING
(Washington Correspondent of The Danville Bee.)
WASHINGTON, D. C., Sept. 29.—Governor E. Lee Trinkle and E. E. Dudding, president of the Prisoners Relief Society, have now agreed on a time for a conference regarding the alleged mismanagement and cruelty practiced at the Virginia State Prison Farm near Richmond. The governor has suggested 11 o'clock, Saturday morning, September 30, and Dudding has agreed to be at the governor's office in Richmond at that hour. In a letter received by Mr. Dudding yesterday Governor Trinkle re-asserts that he and the board of directors of the Virginia penitentiary welcome any information relative to the state farm, the penitentiary at Richmond, or any of the other branch prisons which will in any way tend to improve those institutions. The governor does not, however, speak of welcoming a public investigation, and that is what Dudding has been urging, insisting that only by shedding light on the subject so that the public can see what is going on, can conditions be corrected. Governor Trinkle states that he does not place credence in reports of threats against Dudding's life; but says he will have his secretary meet him at the Richmond railroad station and bring him to the governor's office in his car, and return him to the station at his convenience. Mr. Dudding has written to Mr. Page, prosecutor for Gloucester county, asking the latter to meet him at Murphy's hotel on Saturday to look over some affidavits concerning the treatment of prisoners at the State Prison Farm, with a view to placing the information before the county grand jury for possible action against the prison farm authorities. Mr. Dudding will take with him to Richmond a number of affidavits alleging cruel treatment of prisoners at the prison farm, and several letters making serious charges against the prison officials. Here are some of the things Dudding will suggest to the governor: That convicts at the prison farm be put on their honor. Guards be reduced from 30 to 5. Appoint a new warden; one who is a Christian man. Feed the convicts the average human diet. Install kindness in place of brutality. Clothe the convicts in winter; keep them from suffering. Install hot water in the hospital; also steam heat. Put a stop to corporal punishment. Have ice in the hospital in summer. Feed the convicts vegetables of the prison farm in summer; they do not get them now. Screen the farm hospital and dining room and kitchen. See that the sick prisoners get light and proper food; they do not get it now. Improve the sanitary conditions in preparation of food. These conditions exist, Mr. Dudding says, in every enlightened prison in the United States, but not at the Virginia State Prison Farm.

Lieut. Maury Is Ordered Back To Turkish Waters

Lieutenant Robert Maury, son of Mr. and Mrs. Greenhow Maury who recently returned to this country on the destroyer "Overton" after two years of service in the Mediterranean and Black Sea, has been ordered back for duty there. His mother received a telegram from him today from Norfolk where the "Overton" with other destroyers is now in the shipyard. Indications point to a hasty departure in order that American interests in the near east may be fully protected. Lieutenant Maury came back late this summer and his ship was assigned to the "Overton" for the summer. He has caused a hasty change and he will return to the scene of his earlier operations. The Danville man is second in command on the "Overton" and his navigating officer.

Herbert Clay Candidate To Succeed Watson

(By The Associated Press.)
ATLANTA, Ga., Sept. 29.—Herbert Clay, of Marietta, today announced his candidacy for the unexpired term of United States Senator Thomas Watson, who died Tuesday in Washington. Clay was president of the State Senate during the last two sessions. He says he will announce a platform when the convention convenes in Macon next month.

All Now Set For Warm Campaign

(By The Associated Press.)
DETROIT, Sept. 29.—With conventions out of the way, all candidates designated and issues drawn, the stage has been set for the beginning of a political campaign that promises to be equal in interest that of 1918 which has been followed by the Ford-Newberry race. Against the confidence of the republicans is the Democratic determination to wage a militant campaign.

GREEK ARMIES IN THRACE STAGE REVOLT
(By The Associated Press.)
ATHENS, Sept. 29.—The Greek army in Thrace has definitely joined the revolution. An army corps in Enpirus has thrown its lot with the revolutionists. Pay Your Bills Promptly. Keep Your Credit Good. Retail Merchants' Association—Adv.

Stillman Denied Divorce

Mrs. Stillman Scores Victory In Divorce Verdict Rendered

(By The Associated Press.)
CARMEL, N. Y., Sept. 29.—James A. Stillman, former president of the National City Bank of New York, was today denied a divorce in his suit for absolute divorce against Anne U. Stillman, and Guy Stillman was declared legitimate in the finding of Daniel J. Gleason, referee, filed here today. The decision is a complete victory for Mrs. Stillman. Not only her defense is upheld, but it confirmed charges that Stillman had miscondacted himself with Florence H. Leeds, and that Mrs. Leeds had borne two children. STILLMAN'S COUNSEL REFUSES COMMENT
(By The Associated Press.)
NEW YORK, Sept. 29.—Cornelius Sullivan, counsel for James A. Stillman, declined to comment on the report of the referee recommending denial of Stillman's divorce suit until he had seen a copy. He would not say whether an appeal would be taken. He said Stillman was in the city, but declined to make known his whereabouts.

His Cabbages Are Drug On Market

IDAHO FALLS, Idaho, Sept. 29.—J. K. Ando, Japanese farmer, planted cabbages on his acreage last spring and now at harvest time he finds no buyers for his product as he let them grow too large. Ando has fifty tons of cabbages which average 15 pounds to the head, making them too large and too costly for the average consumer. Local commission merchants refuse Ando's cabbages on the ground that when they reach market they would have to sell for around 75 cents each, which they declare is more money than the average housewife will spend for one cabbage. Mining Congress Opens Meeting

Children's Find Was Harmless

Several days ago, a number of children were playing on the banks of the Dan river, near the pump house while rambling about as children are wont to do, the sudden sight of a pile of women's wearing apparel, and what appeared to be a bunch of hair and several hosiery, caused them to depart in a hurry. When they reached their homes, they told hair-raising stories of the gruesome discovery. Among the children was the small daughter of Dr. and Mrs. P. W. Miles. After hearing the child's story Dr. Miles thought it wise to investigate. He reported the matter to the police and Patrolman O. W. Bates was designated to go with the physician to the scene. On arriving that night, the two men found that the children had overdrawn their imaginations. The dress was found, but no bones. The dress had been washed down the stream and had caught on a small stick, a lot of wild grass and weeds having also accumulated. After careful investigation it was concluded that there was nothing amiss and that there had been no killing or accident as pictured from the story given by children. This is the second time within a few weeks that the finding of clothing has resulted in police investigation. Recently the story went of a party of young people in an automobile one night found a bundle on the roadside just beyond the Schoolfield bridge. The story was passed around that it was an infant child, apparently not having been dead more than a short time. The reports were that the child wore no clothing merely being wrapped in a quantity of old clothing. When Magistrate R. S. Ellis and Chief of Police Cole were questioned, both stated that there was no truth in the story so far as a baby was concerned but that they did investigate such a report but found nothing but a pile of old clothing. The local police heard of it but they left it to the Schoolfield authorities to investigate.

SALESMAN DRINKS ACID AND DIES FROM EFFECTS
BRISTOL, Tenn., Sept. 28.—Richard H. Harding, 48-years old traveling salesman for a local concern, died today from the effects of carbolic acid he drank in a drug store at Abingdon. Clerks in the store said Harding entered and asked for a blank check. While they were getting the check, he reached for a bottle of carbolic acid and drank nearly all it contained.

Parson's Trial Was Delayed
NORFOLK, Sept. 28.—Temporary adjournment taken in Northampton Circuit Court in the trial of Charles W. Parsons, charged with murder for the death of George Lewis, who was shot and killed at Cape Charles, August 16, last, the delay being occasioned by the inability of the prosecution to present its last witness, Dr. C. L. Nottingham. The physicians who were first to see Lewis' body after the shooting, was deemed as home by illness. Judge Westcott announced the trial would proceed tomorrow whether Dr. Nottingham was present or not. Counsel for the state attempted to have court transferred to Cape Charles, to take Dr. Nottingham's testimony, and when the objection by the defense to this procedure was upheld by the court, the prosecution moved that the physician's testimony be present. Again the objection of the defense was sustained by Judge Westcott. Fourteen witnesses, testifying today, declared Parsons fired on Lewis without a later having made an attempt to attack him, but said there had been a verbal exchange between the men.

Billy Sunday to Preach His Sermon Here At 10:30 A.M.

Order Ten Cars Sold At Auction Under Mapp Act

Ten automobiles and two horses and buggy, have been advertised for sale at public auction subject to the action of the court in the coming October term. These are cars the owners of which have been convicted of selling or transporting liquor. The court will order them sold unless some person comes forward and convinces the court that the cars seized by the officers were not the property of the men found transporting liquor. If satisfactory proof is rendered then the cars will be spared from public sale. This is the first time that such cars have been advertised for sale. In the scores of cases involving automobiles and liquor, not one has been sold under the Mapp Act. City Sergeant P. H. Boisseau said today that in every case it had been shown that the cars belonged to someone else and that the men found with them were merely drivers. Nearly all of the machines listed for sale are of the small popular type.

JACK W. FLIPPEN WITH BAUMAN-NUTRAY COMPANY.
Jackson W. Flippen for several years manager of the accessory department of the Crowell Auto Company, has purchased an interest in the Bauman-Nutray Company, tire and accessory dealers on Lower Main street and will, effective October 1st become head salesman of that company. Negotiations were closed recently and announcement of the transfer was made today. Mr. Flippen is an experienced salesman and is well and favorably known among Danville motorists.

DEATH OF INFANT

Joanne James, the infant daughter of Mr. and Mrs. R. A. James, Jr., died last night at 6:45 o'clock at the General Hospital.

Most Human Ills Originate In The Stomach

SCIENTISTS agree that the stomach is responsible for at least 80% of all human ills.

Indigestion is a direct result of a disordered stomach.

A torpid liver, palpitation of the heart, shortness of breath, dizzy spells, backache, nervousness, headache, constipation, rheumatism and that tired-out, run-down, worn-out feeling are also in most cases caused by stomach troubles.

Tanlac, the world's greatest medicine, is designed to tone up the stomach so you will eat better, sleep better, feel better and work better.

That Tanlac does this is proven beyond question by the statement of hundreds of thousands who have taken it. Go to your nearest druggist.

Take Tanlac

BEN W. DODSON NAMED JUDGE OF JUVENILES

Ben W. Dodson, of Bachelor's Hall, Wednesday was appointed juvenile judge of Pittsylvania county by Judge Turner. Dodson is residing at the Chatham court. Mr. Dodson's work will include all juvenile delinquency cases that may arise in the county.

He will occupy the same position in the county that Mrs. W. T. Harris holds in Danville. It is one of the most important offices in the county and was provided for at the last session of the legislature.

No salaries attach to the office, though there are certain fees in connection with the handling of cases.

DR. SLEDD TO PREACH AT MT. VERNON SUNDAY

Dr. Andrew Sledd, Professor of New Testament Interpretation in Emory University will preach at Mount Vernon Church at both services Sunday and will deliver in the same church next week a series of addresses on The Bible. Dr. Sledd who is the son of a former pastor of the Main street church here is one of the most popular and widely read interpreters of the Bible in the M. E. Church. South last summer he spent his vacation in Europe, preaching and lecturing in many of the greatest centers of population there. He has just closed a long series of engagements that took him through a large section of the southwestern portions of our country. He comes to Danville for one week, and will then resume his duties in the Chandler School of theology at Emory.

Dr. Sledd has not announced the subjects on which he will preach on Sunday. Every afternoon of next week in the auditorium of Mount Vernon church he will speak on "How We Got Our Bible" and in the evening at the same place he will use as his theme "The Fundamental Ideas of Christianity."

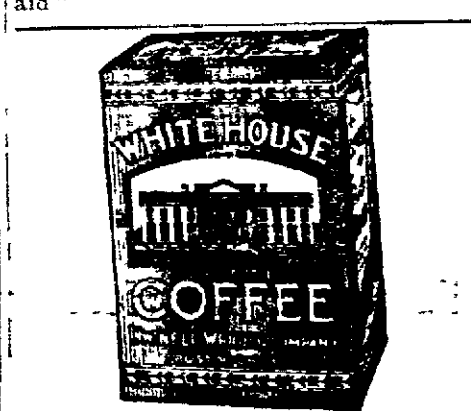

All of these services will be open to the public and a cordial invitation is extended to the members of all other churches of the city as well as to any who are unchurched to attend them.

FIREMEN CALLED OUT LATE LAST NIGHT

All the southside fire fighting apparatus was called out last night at 11:45 o'clock in response to an alarm turned in from box number 65 on West Main street. The scene of the supposed fire was at the home of J. W. Haraway but no fire was there to be found, not even smoke, when the firemen arrived. The alarm was turned in after a neighbor of the household thought she detected smoke in the house.

BOY SCOUTS TO MEET

The Boy Scouts of the Mount Vernon Methodist and First Baptist churches will have a joint meeting at 8 o'clock, Friday evening at the First Baptist church. At this meeting Dr. Garnett will lecture on "First Aid."

Leaving to Fight Kemal

Britain again looks like World War days as soldiers leave for the Near East to enforce Britain's ultimatum against the Turks. One Tommy kisses his bride farewell as he entrains with his regiment at Southampton.

SHOELACES HIS SPECIALTY

This king culture in the London zoo unties the shoelaces of every visitor who gets within his range. And he loves to peck and pull at silk stockings though he never tears them.

So Far There Has Been No Collision Between Turks and British at Chanak

(Continued from Page One)

In the Chanak sector are to advance as far as possible without meeting resistance. They are now practically against the entrenchments, and obviously the situation cannot be indefinitely prolonged.

Notwithstanding the Kemalists concentrations around Chanak, however, the British are confident of holding their lines against all odds. They declared that their flanks are well protected by the fleet. The battleships with their 16 inch guns can sweep the whole area around Chanak for a distance of twenty miles, and it is expected that the British will dismount some of their giant naval guns and use them for shore batteries. The Turks at present have only machines in the Chanak area. It they brought up heavy artillery the security of Chanak might be seriously challenged, the British admit, but the entrenchments in this sector are said to be more efficient than any used in the world war. Since September 11, two thousand men from the labor squad, 1,000 from the fleet, and several thousand from the army, have been steadily building trenches and setting up gun emplacements.

LONDON, Sept. 28.—(By The Associated Press.)—The British cabinet held three successive meetings today.

NERVOUS WRECK FOR SIX WEEKS

Kentucky Lady Tell How She Became Strong and Healthy.—Recommends Cardui to Weak Women

Mount Vernon, Ky.—Mrs. Cynthia Vanhook, formerly of Stanford, but now residing here, says that after her third child was born, she undertook to resume her household too soon, "and this caused me a great deal of trouble."

"I begin to feel weak and all played out—not myself at all," as Mrs. Vanhook describes her condition. "For about six weeks I was just a nervous wreck. I had to have some one do all my housework."

"My doctor told me my imprudence had caused shock to the nervous system and the thing to do was to use a tonic to build up my strength."

He recommended Cardui.

"Very soon I saw an improvement in my condition. I used three bottles of Cardui, and . . . my health was restored."

"I am a strong, healthy woman."

"This Kentucky lady adds that she never fails to recommend Cardui to weak and run-down lady friends."

Thousands of women praise Cardui to their friends.

This mild, harmless, vegetable tonic medicine has been in successful use for over forty years in the treatment of many common ailments suffered by women.

Your druggist sells Cardui. Let him supply you today—adv.

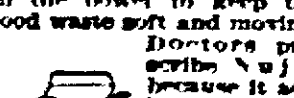

Laxatives Replaced

By the Use of Nujol

Nujol is a lubricant—not a medicine or laxative—so cannot grip.

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowels to keep the food waste soft and moving.

Doctors prescribe Nujol because it acts like this material lubricant and thus replaces it. Try

Nujol

A LUBRICANT—NOT A LAXATIVE

Officers Chase Bull, Corraling Beast Finally

Bulls chasing a bull and vice versa is a sport for kings, especially if the bull is red and the bulls are blue. Whether the red bull is chased by the blue bulls in left to the young lady, who carried a red parasol through pastures green where the male of the bovine species was wont to graze and ruminate—that is, until he glimpsed the red parasol when he ceased to ruminate and went into action. It is certain, however, that the blue bulls roused the ire of the red bull and it was a colorful scene that followed on Grove street yesterday.

A peaceful, sedate and dignified "male cow", probably a family male, was industriously cropping what little grass could be found along the sidewalk on Grove street yesterday when his presence and his sex was ascertained by some children. The male of the kind family has always been a fearsome animal, even when he has passed out of the category of the "family male" and it was a mere matter of sequence that bulls, genus homo, should be called in.

They arrived in the persons of Officers Floyd Tewel and O. W. Bates. It was just a little out of the line of these two efficient officers to corral a bull and they went about the task gingerly, especially as the animal evinced, by certain divers signs and motions, a most determined refusal to be pawed and cajoled that blue bulls were persons non grata and he, the red bull, had a mind to eat grass and ruminate over the uncertainties of life.

The officers had a mind to chase the animal into an inclosed lot nearby, but in "no time a-tall" the chasers were the chased and the chasing was being done with all the enthusiasm, vigor and velocity that a 1,500-pound bull can put into action, and there is no animal quite so chock-full of action and momentum as a bull when the spirit of the chase is upon him.

The officers by skillful use of telephone poles, fences and other obstacles finally got behind the bull and to all appearances were doing the chasing, but appearances are deceiving, a proverb put into action by the bull as soon as he could check his forward momentum and go into reverse.

The animal was finally corralled by the simple expedient of the officers running into an enclosed plot and turning sharply to the left just as the bull came charging through the gate. It wasn't fair, but the officers climbed over the fence and closed the gate before the bull could again change gears.

Last night when questioned by a reporter from The Register the bull was calmly chewing his cud and declined to be quoted about the affair. The bull is a reticent animal, after all is said, and how that all too common slang describing that all too common practice of man-kind came to be coined is rather hard to explain.

Cattle, both male and female, seem to have been at large in the city yesterday and the night before. Two bulls spent the night in Police Officer W. C. Talley's front yard and were chased away early yesterday morning.

A cow also was killed on the tracks of the Southern railway, just south of

the city, sometime during Wednesday night. Some night train had struck the animal and portions of flesh were strewn for probably five hundred or more feet. The hind quarters were found together and other sections were seen lying further down the track a considerable distance. Nothing whatever was seen of the head. It was said last night that some cattle from a car-load going through here had escaped from the car but this was not confirmed last night.

Virginia W. C. T. U. Closes Four-Day Convention Here

The Virginia Woman's Christian Temperance Union, a body of distinguished, intelligent and influential publicists consecrated to various important moral reforms, last night closed a four days' convention noted for the earnestness, intelligence, harmony and conservatism that have marked its deliberations and actions. Numbering about 150 delegates, the body was divided only by a sub-surface way as to the wisdom of re-election its able and experienced president, Mrs. Howard M. Hoge, of Loudoun county, some opposition developing on account of the publicity she won during the campaign of ex-Governor Davis for senator, but when it became plain that she had no purpose to drag the organization into partisan politics, even this ripple on the otherwise placid surface disappeared.

The closing day of the convention, get-away day as it was scheduled to be, was a busy one and was marked by some of the most interesting and important addresses and proceedings of the near-week's sessions. After a forenoon session devoted to the readings of papers on Peace and Arbitration, Social Morality, Social Welfare, Sunday Schools, Temperance and Missions, and on Publicity, the body in the afternoon received and adopted the reports of the Executive Committee and the Resolutions Committee and elected delegates to the National W. C. T. U. and to the World W. C. T. U. conventions. In the evening after an entertainment by a bevy of young girls in the nature of questions answered by quotations from great American woman publicists and moral

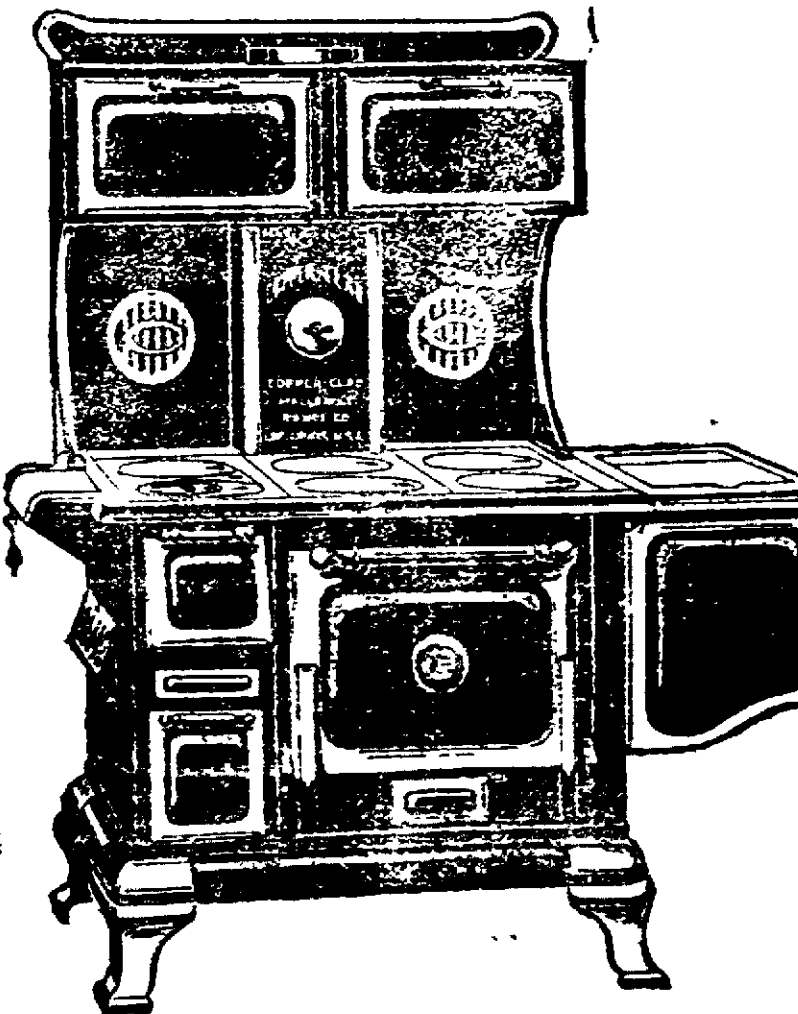

reformers, the convention listened attentively to two thoughtful and forceful addresses by national officers of the Union, one of these by Miss Spalding, of Indiana, on the W. C. T. U.'s part in the important work of Americanization of foreign immigrants and their equipment for citizenship service, and the other by Dr. Valeria H. Parker on the social morality movement during the world war and its

98 Out of Every 100 Women Benefited

An Absolutely Reliable Statement Important to Every Woman

Remarkable Results Shown by a Nation Wide Canvass of Women Purchasers of Lydia E. Pinkham's Vegetable Compound. — 50,000 Women Answer —

For some time a circular has been enclosed with each bottle of our medicine bearing this question: "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

Replies, to date, have been received from over 50,000 women answering that question.

98 per cent of which say YES. That means that 98 out of every 100 women who take the medicine for the ailments for which it is recommended are benefited by it.

This is a most remarkable record of efficiency. We doubt if any other medicine in the world equals it.

Think of it—only two women out of 100 received no benefit—98 successes out of a possible 100.

Did you ever hear of anything like it? We must admit that we, ourselves, are astonished.

Such evidence should induce every woman suffering from any ailment peculiar to her sex to try Lydia E. Pinkham's Vegetable Compound and see if she can't be one of the 98 THE LYDIA E. PINKHAM MEDICINE CO., Lynn, Mass.

Of course we know that our medicine does benefit the large majority of women who take it. But that only two out of 100 received no benefit is most astonishing.

It only goes to prove, however, that a medicine specialized for certain definite ailments—not a cure all—one that is made by the most scientific process; not from drugs, but from a combination of nature's roots and herbs, can and does do more good than hastily prepared prescriptions.

You see, we have been making, improving and refining this medicine for over 50 years until it is so perfect and so well adapted to women's needs that it actually has the virtue to benefit 98 out of every 100 women who take it.

Its reliability and recognized efficiency has gained for it a sale in almost every country in the world—leading all others.

PITTSBURGH, Sept. 28.—A large section of Pittsburgh fog was completely put out of business today by local scientists, assisted by officials of the Weather Bureau and experts from the United States Engineering Department. The initial experiment, conducted on the Monongahela River, was pronounced a "distinct success." The official fog-removers expressed themselves as confident that considerable "Pittsburgh gloom" will be avoided this fall and winter, provided moderate winds are available.

The keynote of the experiment was the lubricating of the Monongahela River from Rice's Landing to a point one and one-half miles upstream early this morning. Notified by the Weather Bureau that a cold wave would sweep through the valley, scientists took the Government boat Evelyn, a derrick and a barge fitted with sprinkling apparatus and proceeded to Rice's Landing.

As the cold air and warmer water met and fog began to form a thin spray of oil and organic acid was spread over a broad area of the river. The fog dissipated rapidly. The oil prevented union of the air and water. Another experiment on a much broader scale will be held as soon as the Weather Bureau forecasts another nice, thick fog, they said.

Twelve Political Prisoners To Be Freed By Harding

WASHINGTON, Sept. 28.—President Harding shortly will take action on a number of cases of political prisoners who have applied for executive clemency. Commutation of twelve sentences is expected.

Those interested in freeing the wartime offenders say the release of Capt. Robert Far, convicted of trying to blow up a munitions ship in New York Harbor in 1915, and who broke jail, has brought the matter to a head.

Belief was expressed that the President might grant amnesty shortly before election to counteract feeling in labor organizations over the strike injunction. On the other hand it was said he might prefer to await the election, so as not to again anger the American Legion after a bonus veto.

TEN-MINUTE RELIEF FOR INDIGESTION

Indigestion and its attendant ills, such as dyspepsia, heart-burn, sour stomach, griping pains, dysentery, diarrhoea, colic, cholera morbus, chronic constipation, gas, etc., and even sick, nervous headaches are now directly traceable to disorders in the digestive organs.

The food source before it is fully digested, thus putting into solution toxic poisons that are absorbed into the system, irritating the intestines and setting up inflammation. To avoid this you simply have to prevent fermentation by using Anti-Perment.

Anti-Perment neutralizes the acid condition of the stomach, cleanses and sweetens the bowels, soothes and heals the inflamed intestines and increases the flow of gastric juices, giving quick and certain relief. Get a bottle of Anti-Perment from your druggist with a guarantee of satisfactory results or money returned. It will improve your appetite, give you restful sleep and make you feel better than you ever felt in your life—ever.

"DANVILLE'S BEST STORE."

If You Never Have Before— Do It This Week!

Think about your legs! Your garter is a little thing, but it surely can raise thunder if it isn't right! If it binds—or pulls—or is hot and heavy—or the metal rots the fabric.

We realized this six years ago. And we designed a garter that hasn't any metal at all—that hasn't any hot, heavy pads—that won't bind.

That garter immediately made friends all over America. Our sales on Ivory Garters have grown faster than any garter sales in the country.

This week we want

every man in this city to know about Ivory Garters. Good stores all over town are displaying them in all styles, colors and prices. It's the time for you to buy Ivories and give your legs the greatest garter comfort they ever knew.

If you have used Ivories before—we don't need to tell you to use 'em again. You know you can't get a better garter.

Kidney And Bladder Troubles Conquered Or Money Back

For 40 years, said Dr. Carey, I have been prescribing my Prescription No. 777 (known for years as Marshroot) for kidney and bladder ailments and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at moderate price, on the money back if dissatisfied plan.

Beware of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have specks floating before the eyes, huffy eyes, clammy feet or moist palms, backache or side ache, you ought to get a bottle of Dr. Carey's Prescription No. 777 right away.

It has wonderfully benefited tens of thousands of cases of kidney, liver and bladder troubles and is the medicine you can always depend upon. Results are guaranteed.

NOTE—Dr. Daniel G. Carey was a practicing physician for many years and his great Prescription, No. 777, aided thousands of sufferers from kidney, liver and bladder troubles. Hereafter you can always get this effective prescription in both liquid and tablet form at all reliable pharmacists the country over.—adv.

Murder and Suicide Gaining In Germany

BERLIN, Sept. 28.—Germany is setting new high records for suicides and murders.

Although the death rate as a whole now practically equals that of the prewar days, deaths by accident, murder and suicide have greatly increased during the first six months of the present year. And this despite the fact that there have been no street fighting, military outbreaks or other instances of mass killing.

Figures gathered from 45 cities with a total population of more than 16,500,000 for the first half of the year, show 123,000 deaths, or about 14 per 1,000 population. The number of violent deaths totaled 5,605, of which 1,468 were in Berlin alone.

In Berlin alone, during the first five months of the year, 48 persons were murdered and 609 committed suicide.

Rev. and Mrs. Royall Back From Bedford

Rev. and Mrs. M. W. Royall have returned from Bedford where they were called by the illness and subsequent death of her aunt, Mrs. Cora Bradley. The funeral took place on Wednesday. Rev. Mr. Royall when asked about his resignation as pastor of Lee Street Baptist church, said that he did not think there was much chance of his remaining here. He said that he had not fully made up his mind about his future plans but probably will be able to announce these shortly.

Held On a Charge Of Robbing Victim In Theater Crash

NEW YORK, Sept. 28.—A chance meeting in the Manhattan general postoffice today led to the arrest of Robert P. McChesney, 32, occupant of a luxurious apartment at 582 Riverside drive, on a charge of stealing a platinum wrist watch valued at \$300, \$30 in cash and the case and cards of the late Col. E. D. Shaughnessy, former First Assistant Postmaster General at Washington.

The arrest was made by Police Detective Edwin C. Johnson, of headquarters staff, Brooklyn. Armed with a warrant issued June 28 in Washington, charging grand larceny, on the complaint of Col. Shaughnessy's widow, Johnson has been seeking McChesney for weeks. Coming on him in the postoffice corridors, he took him to the Federal Building in Brooklyn to await extradition.

Col. Shaughnessy, his wife and daughter were victims of the Knickerbocker Theatre disaster. Mrs. Shaughnessy, who survived charges that after helping to rescue her husband from the ruins, McChesney went with him in an ambulance to Walter Reed Hospital and removed the articles on the way.

McChesney today denied the charge. He said he took the valuables on the Colonel's request to give them to Mrs. Shaughnessy, but as the Colonel died shortly after reaching the hospital he did not want to face his wife and daughter and gave them to a woman who said she was an intimate friend of the Shaughnessys and would give them to the widow at the proper time. He says he never has been able to find this woman.

Must Explain Socolow Escape

NEW YORK, Sept. 28.—If members of the New York police department who were in Justice Martin's court room last Thursday when Walter Socolow, now on trial in Baltimore for murder, was rushed out of the building by Baltimore detectives, have been ordered before Third Deputy Police Commissioner Faurot in Headquarters at 11 o'clock to-morrow morning.

Acting under instructions from Police Commissioner Enright, Mr. Faurot will endeavor to determine whether any of the New York officers played a part in the alleged "kidnapping" of Socolow just after the conclusion of hearing before Justice Martin on a writ of habeas corpus sued out by the prisoner in the hope of preventing the Baltimore authorities from getting him back into their jurisdiction.

Meanwhile District Attorney Barton, who was instructed by Justice Martin to prepare contempt of court proceedings against all who had any part in the "kidnapping," and to present the matter to the Grand Jury, reports he can do nothing until he gets a copy of the minutes of the hearing in the Supreme Court, and intimates that thus far, he is unable to see that any greater crime than contempt of court was committed.

The situation has been made more acute by the action of Gov. Miller in demanding that Socolow be returned to this city and the reply of Gov. Ritchie of Maryland that he will not comply, at least until after Socolow has been tried and Maryland's claim upon him satisfied. This attitude is held also by the State Attorney of Maryland and the Police Commissioner of Baltimore.

Dual Slaying Was Accident

NEW YORK, Sept. 28.—Edward Hodnett today walked into police headquarters and announced himself as the person who last night shot and killed Mrs. Lillian Schmidt and Bernard Rosner in a furnished room on the East Side. Hodnett who is 22 years old, claimed the shooting was accidental.

The bodies of the two were found partly hidden under a bed. Mrs. Schmidt had been shot once through the heart head and through both wrists. A bullet had pierced Rosner's abdomen.

Hodnett said that he had occupied the room in which the shooting occurred for five months and that he and Rosner were the best friends, "esterday" he said, "they came to my room together and after some talk Rosner took a box from his pocket and pulled out a revolver. When he asked me what I thought of it, I took the gun in my hand. Suddenly it went off and killed both of them."

Hodnett said he became terrified and rushed to a friend's house, where he spent the night. He was arrested by the friend to give himself up if the shooting was accidental. An autopsy by the medical examiner is said, on the whole, to support Hodnett's claim. The police, however, stated that they would continue their investigation of the theory that couple were killed as the climax of a bootlegger's row.

According to Hodnett, Rosner was standing just behind Mrs. Schmidt, when the gun discharged. The bullet, after striking her wrists and piercing her head passed out through the right cheek and struck Rosner in the abdomen. The only bullet found by the autopsy was in Rosner's body.

Governor Silent on Allen Pardon

RICHMOND, Sept. 28.—Governor Trinkle returned today from a trip of several days to his home at Wytheville. One of his first acts upon reaching Richmond was to declare next Wednesday as a holiday for all State employees in Richmond so that they may attend the State fair. Governor Trinkle attended the Henrico County fair at Varina this afternoon. He was given no intimation as to when he will reach a decision on the pardon of the Allen pardon petitioner.

TEACHERS WILL MEET AT CHATHAM TODAY AND SAT.

CHATHAM, VA., Sept. 27.—The Pittsylvania County Teachers Institute will begin in the Chatham High School building on Friday morning continuing through the day Saturday. More than three hundred teachers are in the county and a very large attendance is expected. Very attractive program has been arranged and education of prominence will address the gatherings each day.

B. W. Dodson of Bachelor's Hall, Pittsylvania county was this week appointed special justice by Judge Clement the appointment carrying with it Judge of the Juvenile and Domestic Relations court of this county. Judge Dodson will assume office October first.

The series of meetings which have been in progress in a tent about six miles from this place and conducted by Dr. E. G. McLees of this place Wednesday night. Large congregations were in attendance nightly and the meetings were very beneficial and much effective.

Free to Asthma and Hay Fever Sufferers

Free Trial of a Method that Anyone Can Use Without Discomfort or Loss of Time.

We have a method for the control of asthma, and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as Chronic Asthma or Hay Fever, you should send for a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with asthma or hay fever, our method should relieve you promptly.

We especially want to send it to those apparently hopeless cases where all forms of inhalers, douches, opium preparations, fumigations, "patent smokes," etc. have failed. We want to show everyone at our expense that our method is designed to end all difficult breathing, all wheezing, and all those terrible paroxysms.

This free offer is too important to neglect a single day. Write now and begin the method at once. Send money. Simply mail coupon below. Do it today—you even do not pay postage.

FREE TRIAL COUPON

MORE STATIONS ARE NEEDED BY AMERICAN NAVY

WASHINGTON, Sept. 28.—A precept issued by Secretary Denby for the guidance of the naval board which will meet October 2, to consider the future of naval shore stations reveals that the need of additional stations also will be taken up.

The board specifically is directed to exclude from consideration shore stations located in insular possessions where, under the limitations armament treaties, the status quo "must be maintained," but may recommend floating dry docks.

Under instructions the board will recommend the naval bases, yards and stands it "considers necessary to maintenance to the efficiency of the fleet and its effective operations in peace time and war," and will report specifically on the shore stations which it considers will not "fight in peace times of war" but will contribute to the fleet's efficient maintenance. It will also report on those stations it believes should be retained, but kept closed or on a reduced program basis ready for an emergency.

The board is headed by Rear Admiral Hugh Rodman, commandant of the fifth naval district, and was appointed under instructions of President Harding after Senator Smith, Democrat, South Carolina, had obtained the revocation of an order of acting Secretary Roosevelt for the closing of the Charleston Navy Yard.

TWENTY MARKETS TO OPEN IN STATE

(Special From Tobacco Growers) (News Bureau)

RALEIGH, N. C., Sept. 28.—Cooperative Marketing will reach Virginia and the old belt of North Carolina on Tuesday, October 3, when over 30 Cooperative warehouses open to receive tobacco in two states.

The overwhelming success of the movement has resulted in an eleventh hour rush from both Virginia and North Carolina to the Cooperative warehouses. During the last few days hundreds of contracts have reached association headquarters, over 400 having come in since Aaron Sapiro returned to the Old Dominion.

In Virginia the Cooperative Association will open twenty markets exclusively for bright tobacco next week. These markets include Danville, South Boston, Critz, Rocky Mount, Martinsville, Chatham, Gretna, Virginia, Clover, Clarksville, Chase, Ouz, Lawrenceville, Keyville, Rice, Burkeville, Kenbridge, South Hill, Altavista, Emporia, Albion, McKinnery, Blackstone, Brookneal and Drakes Branch.

In western North Carolina Cooperative Marketing begins on October 3, at Greensboro, Elkin, Reidsville, Madison, Mebane, Youngsville, Statesville, Stoneville, Walnut Cove, Mt. Airy and Leaksville, where a good majority of growers are cooperators, whose loyalty is evidenced by the activities of more than 200 community locals of the association.

L. LENINE TO RETURN TO ACTIVE DUTY SOON

MOSCOW, Sept. 28.—The Soviet Premier, Nikolai Lenine, is soon to return to active duty. It is announced by the newspaper Pravda. It was announced that Mr. Lenine will appear as the chief speaker at the Fourth Congress of the Third International to be held at Petrograd in November, giving his view on "The World Revolution."

144 ARE KILLED BY EXPLOSIONS OF ITALIAN FORT

SPEZIA, Italy, Sept. 28.—(Associated Press.)—The number of dead is feared to reach 144 in the explosion today at Falconara Fort, near here, according to the available data. Several hundred have been seriously injured. A majority of the victims still are buried beneath the wreckage.

Pitiful cries for aid are heard coming from beneath numerous heaps of debris, but though the rescue work is proceeding actively, it will be some time before the last victims are extricated from the wreckage of the immense number of houses which were razed.

Streams of injured are arriving in automobiles, trolley cars, lorries and ambulances from the scene of the explosion. Numerous other injured persons are being sheltered in schools, the waiting rooms of the railroad stations and private houses.

The hospitals are filled. Troops, firemen, and civilians are working hard to clear away the wreckage. Their task is an almost superhuman one.

Every tree within a radius of many miles of the explosion was uprooted. All the windows in Spezia were broken.

MARINE CORPS TEAM WINNER

CAMP PERRY, O., Sept. 28.—The Marine Corps team on the National Rifle Team match today, with a total score of 2,848 out of a possible 3,000, defeated a field of 49 competitors. The infantry was second with 2,836 and the coast artillery corps third with 2,824.

Before leaving camp today, Major General John A. Lejune, commander of the Marines, extended an invitation to the national rifle association to hold the annual matches or international matches if possible at the Marine ranges at Quantico, Va. It has been announced that the international matches are to be held in the United States in 1933.

Private Raymond O. Coulter, 22, of Mount Sterling, Ill., shooting on the Marines today established a new record when he scored 296 out of a possible 300 over the entire course, a score that has never been equalled in rifle team match competition.

The native forests of Australia are being replaced by species imported from other sections of the world.

Likes a Smoke

This monkey likes two things best—smoking a pipe and riding in the pocket of his master, H. L. Le Neve, Barnet, England. Here he's doing both.

Big Production Of Crude Oil Causes Price Cut

By J. C. ROYLE
NEW YORK, Sept. 27.—Black gold is at a discount. Crude oil—black gold in the language of the oil fields—continues to gush and bubble to the surface in steadily diminished streams. Consumption has increased to a remarkable degree as a result of the oil strike and greater use of oil for fuel in industrial plants. Kerosene and to a lesser degree gasoline are in strong positions, but over-production of the nation's wells still is flooding the markets and the storage facilities with crude. As a result, prices of crude oil are down today and there is every evidence that they will remain down for months to come.

The immediate future of crude oil prices is plainly to be read in telegraphic reports received within the last twenty-four hours from the main oil-producing centers of the country. Continued and remarkable production of crude oil in the new Southern California fields has resulted in shattering of all California records for output. That state produced an average of 373,000 barrels a day during August and has maintained about that rate the greater part of September. This record-breaking flood of oil is due primarily to a series of discoveries at Santa Fe Springs and Signal Hill as production in the northern fields has been curtailed as far as possible.

California production exceeded consumption by 2,400,000 barrels last month and September will show similar piling up of surplus stocks. Prices have reacted a low figure, but additional cuts are not expected as export of fuel oil has greatly broadened the market. The Santa Fe Springs and Signal Hill fields are now producing 150,000 barrels a day as against 5,000 barrels this year.

Four million barrel tankage has been erected by oil men in the mid-continent fields in the last twelve months and there is a distinct tendency of operators toward storing oil for better prices. Facilities are limited for this purpose, however, although the present quotation, \$1.25 a barrel, is too low to encourage sales. The price trend in the mid-continent field still is downward according to word from Oklahoma City today. Despite the cutting off of drilling operations, the mid-continent field now is turning out 400,000 barrels of crude daily. Oil exports in the southwest look for a revision of sales methods rather than a further cut in prices so that sales will be based on a gravity basis under which higher grades would not be reduced, but the lower grades would fall sharply.

In the Colorado and Wyoming fields production of crude is in excess of refinery capacity. About 2,000,000 barrels are in storage. The price trend in that section according to today's dispatches from Denver and Casper is following that of the mid-continent field.

Production of crude oil in Louisiana is neither gaining nor losing as drilling has been curtailed but imports from Mexico show a steady increase. Receipts from Mexico in the last two months have aggregated 2,000,000 barrels. Stocks in the southeast were extremely large at the beginning of the coal strike, but since then demand has been heavy and sales about 30 per cent above normal. Sugar mills, public utilities and other industries are taking large quantities but stocks are still about 20 per cent above normal. No price advance is expected according to New Orleans experts.

Conditions are somewhat different in the Pennsylvania (Ohio and West Virginia) fields. Producers are slowing up because of low prices and refiners are having difficulty securing sufficient stocks to keep plants in operation. Producers today anticipate higher prices but heavy consumers express opposite opinions basing their conclusions on heavy production elsewhere and knowledge that if Pennsylvania crude is needed, the differential will be 1 cent to carry shipments from Pennsylvania and Texas fields to substitute for local crude.

Production in the Pennsylvania, Ohio and West Virginia fields is far from being in excess of demand, but storage stocks are heavy although actual figures cannot be given as much of the oil is in the hands of individual producers. Leading petroleum interests are not looking for higher prices for Pennsylvania crude so long as there is the present excess of production in the country.

It is unquestioned that with increased use of oil for fuel and heating purposes and wider markets throughout the world, petroleum prices will recover from their present level. Many shrewd business men are buying crude as a long-haul investment, but that recovery is most unlikely in the immediate future.

CONSTRUCTION OF LARGE CARRIERS IS ORDERED
NEW YORK, Sept. 28.—Construction of two of the largest ocean cargo carriers ever built, for use in transporting ore from Chile to Atlantic coast ports in America, have been ordered in connection with a twenty-year hauling contract entered into by the Bethlehem Steel Corporation and Axel Brostrom and Sons of Gothenburg, Sweden, it was announced here today.

The new ships will be built for the Swedish firm at Hamburg, Germany, and are expected to go into service next June. Each will be of 21,000 deadweight tonnage, equipped with 60,000 horsepower Diesel motors.

CRUIKSHANK LEADING IN GOLF TOURNEY

NASHVILLE, Tenn., Sept. 28.—(Associated Press.)—The first qualifying round in the fourth open championship tournament of the Southern Golf Association over the Belle Meade Country Club course here today produced golf as it is seldom seen in tournament play with Bobby Cruikshank of the Shickamaxon Club, West Field, N. J., leading the field with a dazzling sixty-six, which broke all records for the course.

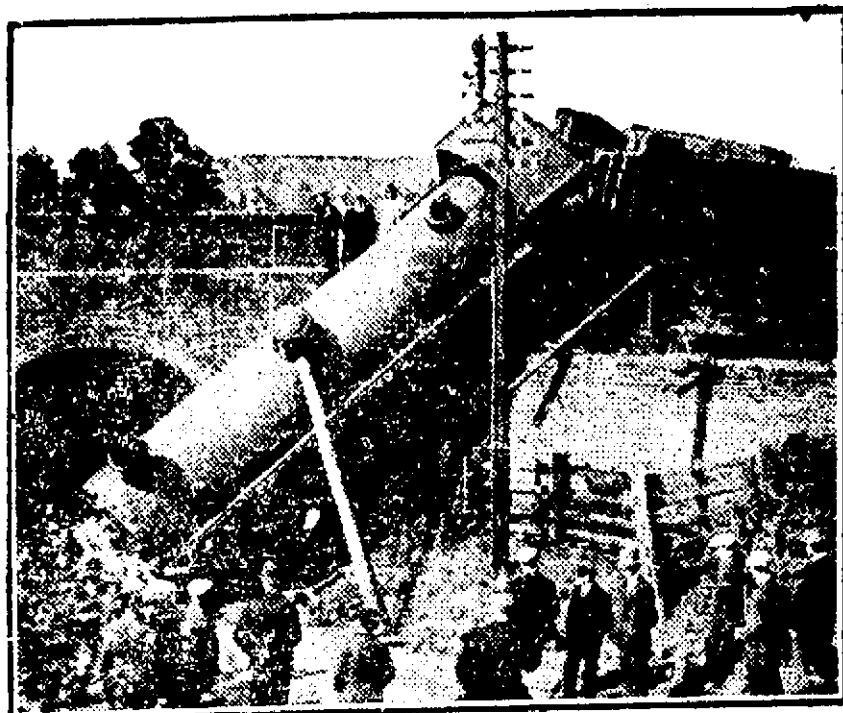

Following close upon the heels of Cruikshank were Emmett French and Abe Mitchell, with 68s who were trailed by Joe Kirkwood, Australian champion, and Walter Hagen, the British open title holder, with 69s. John Farrell of Quaker Ridge, N. Y., and Jim Barnes of Pelham, N. Y., had 70s. George Dunham, Iowa, Hutchinson and Bob McDonald turned in cards of 71, while John Golden of Tuxedo, N. Y., and Bob Peebles of Louisville had 72.

Six finished in 73, six with 74 and a total of 55 had less than 80. Cruikshank's score of 66 broke the Belle Meade record set eighteen months ago by Jack Hutchison in an exhibition. The little Scot shot past all obstacles, picking off four birdies and an eagle on the round and played sound par golf on the rest of the holes with one exception.

Walter Hagen had a great chance to finish with 66 but shot it away on the last few holes to finish with 69. TREXLER GETS \$25 WORTH OF SHIRTS FOR HIGHEST BATTING AVERAGE IN '22

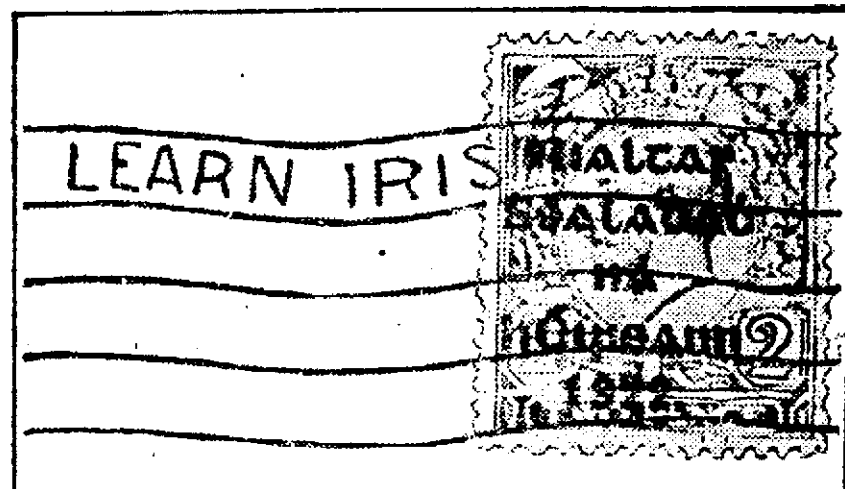

Left-Fielder Trexler, of the Danville baseball team, has been awarded the \$25 worth of shirts, offered by the J. & J. Kaufman Clothing Co. for the highest batting average for the season. The shirts were mailed to Trexler yesterday.

Train Crew in Miracle Escape

When this 60-ton freight engine toppled over a bridge and struck 30 feet below near Crewe, England, the engineer and firemen, its only occupants, escaped with a slight shaking.

How Letters Look in Ireland

The Irish Free State has been too busy to issue its own stamps so it's using British ones with an inscription in Gaelic stamped on them. These characters originated almost 2000 years ago. Notice that the post mark urges Irishmen to learn the ancient Irish language.

ZINN BECK HAS RESIGNED COLUMBIA'S C. Sept. 28.—Zinn Beck, who managed the Columbia team of the South Atlantic Association, will not return to Columbia next year he announced here today. He said that he was not ready to announce his plans at this time, but that he "would manage a club next year."

GIANTS TAKE GAME BALTIMORE, Sept. 28.—New York Nationals 5; Baltimore Inter-nationals 4; 9: 2.
Johnny Ryan, Hill and Snyder; Greasy Frank and McAvoy.

PETER MANNING LOWERS RECORD

COLUMBUS, O., Sept. 28.—Peter Manning driven by Tommy Murphy today not only lowered his record of 1:57 3-4 in a trial but also broke the world's trotting record and reduced the trotting record of the Columbus Driving Park track, with until today stood at 1:59 1-4. His time for the mile was 1:37. The former world record, held by Peter Manning was 1:57 3-4.

Paced by a runner Peter Manning went to the quarter in 29 1-4 seconds to the half in 58 3-4 and to the three-quarters 1:27 1-2. Just before he reached the wire he went into a break, thus possibly slowing down his time.

The record performance of the trotter was practically the only feature of the day's grand circuit races. Murphy was behind the winners in two other events. He drove Margaret Dillon to a straight heat victory in the Williams \$3,000 stake for 2:03 paces. She outclassed the field and paced the middle mile in 2:00 1-4. Plain Mac, second choice in the first division of the 2:18 trot, was driven by Murphy to another straight heat victory, nosing out Bique and Favorite in each mile.

Peck Direct, favorite in the 2:13 pace, broke soon after the word was given in the first heat and was distanced. The event went to Peter Daphne, winner of the last two heats. The first went to Lady Todd. Valentine had another winner in Etta Wise in the second division of the 2:18 trot. Atlantic Star winner of the first heat, was distanced in the second. Watta in Bond, winner of the second was distanced in the third and the race was awarded to Etta Wise, winner of the last heat.

MEADOWBROOK DEFEATED

WATERBURY, N. Y., Sept. 28.—The Anglo-American Eastcott Polo team defeated the Meadowbrook team 14 to 1, today winning the right to meet the Shelbourne team in the final round for the Waterbury Memorial Cup on Saturday.

GARDEN CLUB TO MEET TODAY AT E. C. NURSERIES

The Danville Garden Club will meet this afternoon at 2:30 o'clock in the nurseries of J. Van Lindley, Pomona, N. C. The members will leave Danville about 10 o'clock, motoring to Greensboro where they will have luncheon, and from thence they will go to Pomona. About 8 cars will leave this city.

The reason for holding the meeting at the Van Lindley Nurseries is to give the members of the Garden Club an opportunity to obtain expert advice as to the cultivation and care of evergreens. It is said that the evergreen shrubs are deteriorating and even dying in all sections of the city. The members of the garden club realize that very few have any knowledge of the proper care and attention demanded by the successful cultivation of evergreens and hence the trip.

It is hoped that as many of the members as can do so make the trip to Pomona today.

MRS. HOGE STILL IN CITY

Mrs. Howard M. Hoge, of Herndon, Loudoun county, Va., who has just been elected president of the Virginia Woman's Christian Temperance Union for the twenty-fourth time, is among the delegates to the convention here who still linger in the city. Mrs. Hoge is at the Hotel Burton and will probably remain until Saturday. She has been the guiding influence under which this organization has grown remarkably, both in numbers and influence and is not only an efficient and business-like executive, but is a sage counselor of her associates. Firm in her convictions, courageous in support of them and always zealous for the best interests of the temperance prohibition cause, she is yet well poised and conservative and has exerted a beneficent influence with her associates. Her uniform courtesy is an outstanding characteristic of her arduous work of the past four days.

HAMPDEN-SIDNEY SCRUB TO HAVE FIRST GAME

HAMPDEN-SIDNEY, Va., Sept. 28.—Hampden-Sidney's Cubs will open their schedule tomorrow on the local field when Asst. Coach Bernard Oliver's youngsters will take on Burkville High. The visitors hitherto almost unheard of will top the freshmen's schedule as a well-balanced eleven, according to all reports. And since they are being coached by Venable, a former V. M. I. star and well known at Hampden-Sidney, the freshmen do not anticipate an easy time.

DETROIT WINS GAME

DETROIT, Sept. 28.—St. Louis Nationals 3, 11; Detroit Americans 10, 15, 1. Sell, Knight, Wiginton and Almsmith; McCurdy; Johnston, Hill, way and Bassler, Woodall.

Piedmont Warehouse

"THE ONLY INDEPENDENT."

Our sales for the week beginning Tuesday, October 3rd. Will be as follows:

1ST—TUESDAY
2ND—WEDNESDAY
1ST—THURSDAY
2ND—FRIDAY

To our Farmer Friends: We are glad to announce that we will open our warehouse on Tuesday and will have 1st sale on that day. We have an efficient force in every department and are better prepared than ever to look after your interest. We appreciate most heartily your support in the past and ask a continuance of your patronage. Danville now has four sales and you will not have to wait. We will give you the very best service and get you the highest market price for your tobacco. Your friends,

are hard on shoes as we all know. To keep them properly shod is no small matter. We can save you considerable expense in that direction, however. With our modern machines we can put strong soles and heels on old shoes, making them equal to new in both serviceability and looks. And the expense will be only a fraction of new shoe cost. Send us a pair for a test.

Constantine Tells
How It Happened

NEW YORK, Sept. 28.—Constantine I., for the second time ex-King of Greece, has had a career as turbulent as that of a medieval ruler. Born Aug. 3, 1868, he was educated by German tutors and schooled in German army manoeuvres in 1903, while Crown prince, he was dismissed because of popular clamor against him, but he became a national hero in the Balkan War of 1912 when he led the head of a Greek army, he captured Salonica from the Turks. The populace dubbed him "Liberator."

His reign began March 18, 1913, when his father, George I., was assassinated. At the beginning of the World War his sympathies were pro-German, owing to the influence of his Hohenzollern wife, queen Sophia, sister of the former Kaiser. He soon became unpopular, largely on account of his repeated dismissals of Greek Cabinets, and to charges that he or his Ministers had permitted the Dual Alliance to establish submarine bases in Greek waters. The clamor became so strong that he was forced to abdicate.

Restored in 1920.

For three years he lived in exile in Switzerland. When his son and successor, Alexander, died in October, 1920, from a monkey bite, Constantine returned to Athens amid great popular enthusiasm. Cynics said his pathway was paved with American dollars from the strong box of Prince Christopher's bride, formerly Mrs. William B. Leeds, widow of America's "plate king." A legend, however, had determined in favor of his returning to the throne.

The cynics even said it cost the "Dollar Princess" 300,000,000 drachmas (about \$10,000,000) to finance the millions which Prince Anastasia threw into the royal jackpot after she had won Christopher as a husband came from the American investments made by her late husband, a hard-boiled American who took little stock in the doings of royalty. His business was to increase the tin plate output of America.

The daughter of Mr. and Mrs. W. C. Stewart of Cleveland, Princess Anastasia's first husband was George H. Worthington. They were divorced in 1908. In August, 1908, she married Leeds, who died in Paris in 1908.

Loyalist Cause Picked Up.
After the death of Leeds she spent much time abroad. Then in February, 1920, came her marriage to Prince Christopher. At that time the Greek Royalist cause looked hopeless. Constantine and his retinue were living simply in Switzerland.
But no sooner had the wedding taken place than Royalist sympathizers of every degree flocked to Switzerland and pitched camp close to the Princess's moneybags. Before long the foreign hope had become a possibility. From that date it rapidly became a probability. It was open to the Princess to make a million dollars in Europe, then that at least \$10,000,000 made in tin plate had been sunk into the Royalist cause, and that figure was named several times by American news correspondents in Athens.
The dowry that Princess Anastasia possessed was estimated at \$14,000,000. Exact figures are unobtainable, but this known, that before her marriage into the Greek royal family the Royalist cause was weaker than the Carlist movement in Spain in 1903 and almost dead. After the marriage it gained adherents everywhere.

Legion Asks Hospital
For Shell Shocked

WASHINGTON, Sept.—Officers of the American Legion today started a move for an additional hospital building program, supplementing the work under the two large appropriation bills, which carried a provision for the expenditure of \$35,000,000. It was estimated that an appropriation of between \$5,000,000 and \$10,000,000 would be required. The new facilities are needed for shell shock and mental cases.

This was stated by Legion representatives after members of their Rehabilitation Committee had conferred with the resident and Director

MASONIC NOTICE

Brethren: Attend a called communication of Ramah Lodge No. 79, F. & A. M., to be held in Capitol Hall Friday, Sept. 29, 1922, at 7:30 p. m. Work in the M. M. degree. Visiting brethren welcome. By order of W. M.

J. T. VERNON, Sec.

CITY NOTICE

Notice is hereby given that a special meeting of the Finance Committee of the City of Danville will be held in the Council Chamber at three o'clock p. m., Monday, October 2, 1922, for the purpose of considering amending the franchise of the Danville Traction & Power Co. so as to permit the operation of one-man street cars by said company in this city.

All citizens who wish to be heard on this subject will be given an opportunity at this meeting.
RICHARD P. MOSS, Aud.
RICHARD P. MOSS, Auditor and Clerk.

NOTICE

While the trustee's sale of valuable West Main street residence to be held October 2nd, at 2 o'clock p. m., on the premises, 499 West Main street, is advertised to be for \$10,000.00 cash and the balance upon terms to be announced at the sale, I am authorized by an interested party to announce that a loan for the full purchase price of the property at the sale can be immediately arranged upon the following terms:
All the purchase price except \$5,000.00 to be repaid in four equal installments one, two, three and four years after date of sale with interest at 6 per cent. per annum, payable annually. The amount to be secured by a deed of trust upon the property. This will enable any intending purchaser to buy this valuable residence by the payment of only \$5,000.00 in cash and the balance in four equal installments. Immediate possession of the property can be obtained. For further information phone Main 800. Harris, attorney. Arcade Building.

9-29 R3t B2t

Forbes of the Veterans' Bureau President Harding was said to have pledged approval of the new programme. He offered the Legion representation at the meeting of the Federal Board of Hospitalization, of which Brig. Gen. C. E. Sawyer, the White House physician, is Chairman.

This was accepted by Col. A. A. Sprague, Chairman of the Legion Rehabilitation Committee, which, according to Legion officials, probably means an end to the public friction between him and Gen. Sawyer.

Col. Sprague was accompanied to the White House by Dr. W. F. Lorenz of Madison, Wis., and Dr. T. W. Salmon, chief psychiatrist to the American expeditionary forces, advisory members of the committee.

Man Wanted 44 Years
For Murder Captured

RED SPRINGS, Sept. 28.—Joe Kemp, who 44 years ago shot and killed Daniel E. McNeill, of this place, has been captured in St. Augustine, Fla., and will be brought to Robeson county at once for trial on charges to which he received here. He waives requisition papers, it is said, and will return with the sheriff. This happened in what is now the corporate limits of Red Springs. Mc-

TODAY

WILL
ROGERS
—IN—
"DOUBLING
FOR ROMEO."

Will Rogers' sense of humor is famous. When Will was a stellar attraction with Ziegfeld's Follies in the days before he became a screen star, his impromptu sallies of doubled-edge wit kept audiences screaming with laughter. "Doubling for Romeo" is fresh and original, quite different from anything you have ever seen.
